Please take a few moments to check all pack contents listed.

Assembly requires 2 persons.

Tools required: Corded / Cordless Drill, Pozi-drive Bit / Screwdriver, 3mm Drill Bit required in order for you to drill all screw holes before construction.

1. Interlock End Panels A with Side Panels B (Figs.1a & 1b) to form a rectangular planter.
2. Secure in position using 8no Screws (2 per corner). See Figs.2a & 2b.
3. Position Long Capping Trim C, ensuring internal face is flush with planter body and rounded corner outermost. Fix in position as shown in Fig.3a using 3no Screws.

Fix Short Capping Trim D as shown (circled) in Fig 3b using 2no Screws.

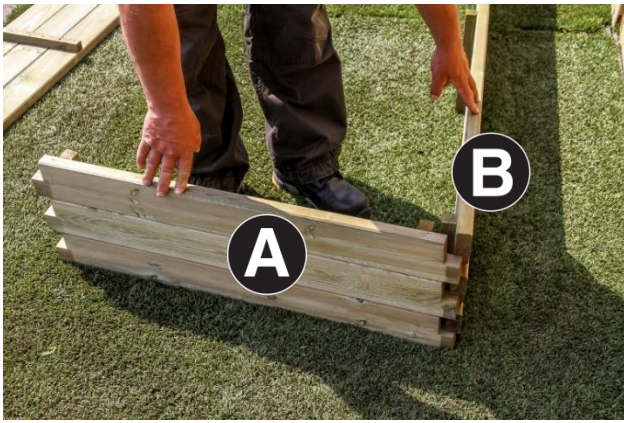

Similarly fix remaining capping trims.

Planter Base – Optional Extra

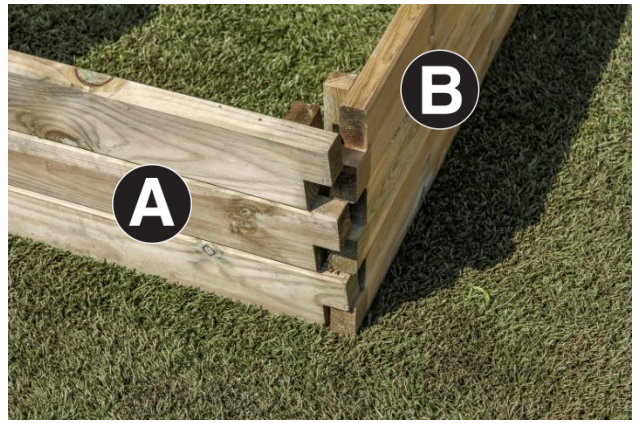

4. Invert the planter and place the base as shown in Fig.4a. Fix in position using 12no 70mm Screws – 2no per bearer (Fig.4b)

The Sleeper Raised Bed is now complete.
